Check-in Procedure

For a smooth travel experience, XYZ Travel recommends arriving at the airport a minimum of two hours before your scheduled departure time. While we make every effort to inform our clients of any flight changes, please verify your departure and return journey details directly with the airline for the most up-to-date information.

Passport and Visa Requirements

XYZ Travel is available to offer guidance with your visa needs. However, it is your responsibility to confirm any passport or visa requirements, including any transit visa necessities, with the appropriate embassy or consulate before your trip. We advise ensuring that your passport has at least six months of validity beyond your intended return date to the United Kingdom or the end of your journey, whichever comes later.

Advance Passenger Information (API)

Certain countries and airlines mandate the submission of passenger information before departure. Failure to provide this information may result in denied boarding. To prevent any interruptions to your travel, please have your passport details and country of residence ready at the time of booking. For travel to the USA, a machine-readable passport is required. Additionally, if you have a criminal record, we recommend contacting the relevant embassy to confirm your entry eligibility, as stricter security measures may apply.

Insurance

XYZ Travel highly recommends purchasing travel insurance. Please disclose any pre-existing medical conditions when arranging your insurance policy to ensure you are fully covered throughout your journey.

Additional Information

XYZ Travel can forward your Frequent Flyer details to the airline upon request and will communicate any specific preferences regarding seating, meal choices, car rentals, or accommodations. Please note that these requests are subject to availability, and while we will do our best to fulfill them, they cannot be guaranteed by the airline or service provider.

Important Reminders

To help ensure a seamless journey, please review your airline's baggage policies to avoid any excess fees at check-in. Check for any health advisories or vaccination requirements for your destination, and make sure you have emergency contacts, including the local embassy, XYZ Travel support, and any relevant authorities. We recommend keeping a copy of your essential documents in a secure location.

XYZ Travel wishes you a safe and enjoyable journey. Thank you for choosing us for your travel needs—adventure awaits! If you have any last-minute questions, please feel free to reach out.
